1 BACKGROUND AND REQUIREMENT

1.1 Industrial Statistics Wing (ISW) is an important organization under the Data Processing Division of National Sample Survey Office (NSSO), Ministry of Statistics and Programme Implementation (MOS&PI), Government of India, accomplishing the task of producing principal industrial data of organized manufacturing sector through Annual Survey of industries (ASI). The main responsibility of this wing is to conceive, design, validate and tabulate Annual Survey of Industries (ASI) data, which is the principal source of industrial statistics in India.

1.2 ASI Web Portal is the first successful e-governance project of MOS&PI which is developed by ISW under technical guidance from National Informatics Centre (NIC)/National Informatics Centre Services Inc (NICSI).

1.3 ASI Web Portal is an online application which is hosted on 24x7 basis and used by a number of stakeholders like Industrial Statistics Wing, National Sample Survey Office (Field Operations Division), various factory managements etc. selected during a survey across the whole country.

1.4 ASI is a complicated statistical large scale survey. ASI survey process revolves around a number of steps like Frame preparation, Frame updation, Frame finalization, Sample selection (by suitable statistical techniques), Freezing of samples, Despatching of notices to the selected factories for submission of ASI returns through factory login, scrutiny & validation of data, tracking of work-progress, Management of human resources involved in the survey etc. The ASI Web Portal has computerized all the above steps.

1.5 In fact, ASI Web Portal has the following key features:

a) Distributed data entry at the source with built-in validation, leading to data accuracy and time saving;
b) Completely doing away with physical movement of paper schedules from the field offices;
c) On-line scrutiny facility at the end of NSSO (FOD) offices at Sub-regional/ Regional/ Zonal/ HQ levels;
d) Facility of schedule compilation in online/offline mode.
e) On-line transmission of data to ISW and day-to-day monitoring of coverage
f) Validation of data in respect of codifications, intra-block and inter-block consistencies in the form, and on-line updations;
g) Automated sampling process and online allocation of schedules;
h) Centralized database management, administration and maintenance of web-portal;
i) On-line dissemination of information/ data/ results by CSO (IS Wing);
j) ‘24X7’ availability in a secured environment.

1.6 The application is hosted at production servers located at NIC Data Centre, Shastri Park, New Delhi. The staging severs of the application are at DSDD (incl. Computer Centre), R.K. puram, New Delhi.

1.7 The project has been made live since 2013. The application has been security audited twice so far in 2013 and 2015.

1.8 Following ‘Go Live’, the application is being maintained through continuous technical support.

1.9 This tender is for Application Security Audit by Third Party Auditor (TPA) for the ASI Web Portal. It is a limited tendering enquiry, as it invites bids (two bids mechanism i.e. Technical and Financial) from Cert-In empanelled agencies only.
2. **Eligibility Criteria:** The agencies must fulfil the following pre-qualification conditions:-

   a) **The agency must be in the current empanelment of CERT-IN for IT Security Audit.**

   b) The agency must have a GST Registration number and PAN.

   c) An undertaking (self certificate from authorized signatory) that the bidder hasn’t been blacklisted by any office of Central/State Government and there has been no litigation with any Government Department on account of IT services.

   d) The bidder should be registered with the Employees Provident Fund Organization (EPFO) and the Employees State Insurance Corporation (ESIC) for the last two years, if applicable.

   e) An undertaking that the bidder is following the Minimum Wages Act and other directives of the Government as applicable for its employees from time to time.

   Document in support of a) to e) must be submitted for consideration of the bid.

   f) Attested copies of Articles of Association (in case of registered firms), by laws and certificate of registration (in case of registered co-operative societies), Partnership deed (in case of partnership firm) should be submitted along with the technical bid.

   Any bid failing to meet any one of the above stated eligibility criteria ((a) to (f)) shall be summarily rejected and will not be considered for further evaluation.

   The bid document should be page numbered. An Index page indicating the above items ((a) to (f)) must be included in the beginning of the bid document.

   g) **Change in Eligibility Criteria**

   If there is a change in the Status of the bidder on any of the above clauses at any stage during the bid process until the award of the work, the bidder should immediately bring the same to the notice of IS Wing, DPD, NSSO.

15. Deadline for Submission of Bids:

15.1 Last date for submission: The Bids (Technical and Financial) must be received by IS Wing at the address specified in the tender, on or before 04.06.2018, 3 PM. In the event of the specified date for the submission of Bids being declared a holiday for IS Wing, the bids will be received up to the appointed time on the next working day.

15.2 Extension for Last date for Submission: IS Wing may, at own discretion, extend this deadline for submission of bids by amending the bid document in which case all rights and obligations of IS Wing and Bidders previously subject to the deadline, will thereafter be subject to the deadline as extended.

15.3 Late Bids: Any bid received by IS Wing after the deadline for submission of bids prescribed by IS Wing, will be summarily rejected and returned un-opened to the Bidder. IS Wing shall not be responsible for any postal delay or non-receipt/non-delivery of the documents. No further correspondence on this subject will be entertained.

16. Bid Opening and Evaluation of Bids:

16.1 Opening of Bids: IS Wing will open all Technical Bids in the presence of Bidders’ representatives who desires to attend the Technical Bid opening at 3 PM on 05.06.2018 at IS Wing, DPD, 1, Council House Street, Kolkata - 700001. The Bidder’s representative who is present shall sign a register evidencing their attendance. Technical Bids will be opened and evaluated in detail. IS Wing will have no liability whatsoever to bear any cost for the bidders to attend the bid opening programme. Bidder has to bear their expenses solely by themselves to attend bid opening programme.

16.2 Opening of Financial Bids: Only those Technical Bids, which are complete and comply with the Eligibility criteria, will be eligible for Financial Bid evaluation.
16.3 **Rectification of Errors:** Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words shall prevail. If the supplier does not accept the correction of errors, its bid will be rejected and its bid security would be forfeited.

17. **Evaluation and Comparison of Bids:**

17.1 **Stages of Evaluation:** The evaluation of the proposals will be carried out in two stages:

17.1.1 **Technical Bid Evaluation:** In the first stage, only the Technical Bids would be evaluated and it will be determined as to whether the bid is complete and meets all the eligibility criteria. Bids not conforming to any of the Eligibility Criteria shall be out rightly rejected. Evaluation of Technical Bids by IS Wing shall not be questioned by any of the Bidders. IS Wing may ask Bidder(s) for additional information to verify claims made in Technical Bid documentation, at any point of time before opening of the Financial Proposal.

17.1.2 **Financial Bids Evaluation:** Only those technical bids that are complete and comply with the Eligibility criteria would be eligible for Financial Bid evaluation. The evaluation of the financial bids shall be in accordance with the total price quoted in this bid document. The bid with the lowest Total Price \( L_1 \), shall be awarded the project for this tender.

Note: Information relating to the examination, clarification, evaluation and comparison of bids and recommendations for the award of a contract shall not be disclosed to bidders or any other persons not officially concerned with such process until the award to the successful Bidder has been announced. Any attempt by a Bidder to influence the Employer’s processing of bids or award decisions may result in the rejection of his Bid.

17.2 **IS Wing’s right to accept any Bid and to reject any Bid or all Bids:** IS Wing reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time before the contract is awarded, without thereby incurring any liability to the affected Bidder or Bidders, with or without assigning any reason.

18. **Notification of Award:**

18.1 **Notification to Bidder:** Before the expiry of the period of validity of the proposal, IS Wing shall notify the successful Bidder in writing by registered letter or by email or by fax, that its bid has been accepted. The Bidder shall acknowledge in writing receipt of the notification of award and provide consent to accept work order, issued by IS Wing, as per price quoted in the tender within specified time.

18.2 **Expenses for the contract:** The incidental expenses of execution of agreement/contract, if any, shall be borne by the successful bidder.
18.3 Failure to abide by the Agreement: The conditions stipulated in the work order shall be strictly adhered to and violation of any of these conditions will entail termination of the contract without prejudice to the rights of IS Wing to impose penalties as specified in the Bidding document and the agreement.

19. Performance Security:
- The successful bidder shall at its own expense, deposit with IS Wing, an unconditional and irrevocable Performance Security from a Commercial Bank, in the form of Bank Guarantee/Demand Draft/Banker’s Cheque/Fixed Deposit drawn in favour of “Pay & Accounts Officer”, Ministry of Statistics & PI, Kolkata payable at Kolkata, for the due performance and fulfilment of the contract by the bidder.
- The Performance Security shall be denominated in Indian Rupees only.
- This Performance Security will be for an amount equivalent to 10% of the bid value(including taxes). All charges whatsoever such as premium, commission etc. with respect to the Performance Security shall be borne by the Bidder.
- The Performance Security shall be valid for a period of 60 days beyond the date of completion of all contractual obligations of the TPA.
- The Performance Security may be discharged/returned by IS Wing upon being satisfied that there has been due performance of the obligations of the Bidder under the Contract. However, no interest shall be payable on the Performance Security.
- In the event of the bidder being unable to service the contract for whatever reason, IS Wing would evoke the Performance Security. Notwithstanding and without prejudice to any rights whatsoever of the organization under the Contract in the matter, the proceeds of the Performance Security shall be payable to the IS Wing as compensation for any loss resulting from the Bidder’s failure to complete its obligations under the Contract. IS Wing shall notify the Bidder in writing of the exercise of its right to receive such compensation within 14 days, indicating the contractual obligation(s) for which the Bidder is in default.
- IS Wing shall also be entitled to make recoveries from the Bidder’s bills, Performance Security, or from any other amount due to him, the equivalent value of any payment made to him due to inadvertence, error, collusion, misconstruction or misstatement.

20. Payment Terms: On successful completion of the work, 100% payment would be released, subject to mandatory deduction e.g. TDS etc.

Note:
- The payments to be made to the TPA shall be subject to the performance of the TPA as per terms & conditions of the tender/work order.
- The invoices towards the services rendered by the TPA shall be submitted to IS Wing.
- IS Wing shall release the payments after checking the invoices as per agreement subject to satisfactory performance of the TPA.
- All taxes, duties etc. as applicable, shall be payable by the TPA. In case of change or revision of any tax/duty by Government of India, the payment will be made as applicable. The documentary evidences for payment of GST will be submitted by the bidder.
- Mandatory taxes/duties etc. as applicable shall be deducted by IS Wing.
- The payment would be made only for the application security audit activity conducted by the TPA. The cost of work covers revalidation report valid up to 3 reports by TPA.
Termination of Contract

21. **Termination of Default:** IS Wing may, without prejudice, to any other remedy for breach of contract, by written notice of default sent to the qualified Bidder, terminate the contract in whole or in part if:
   - The qualified Bidder fails to deliver any or all of the obligations within the time period(s) specified in the contract or any extension thereof granted by the IS Wing.
   - The qualified Bidder fails to perform any other obligations(s) under the contract. However, the disputes, if any, may be referred to Arbitration as per the provision of the Tender Document.

22. **Termination for Insolvency, Dissolution etc:** IS Wing may at any time terminate the contract by giving written notice to the qualified Bidder, without compensation to the qualified Bidder, if the qualified Bidder becomes bankrupt or otherwise insolvent or in case of dissolution of firm or winding up of company, provided that such termination will not prejudice or affect any right of action or remedy which has accrued thereafter to the IS Wing.

23. **Termination for Convenience:** IS Wing reserves the right to terminate by prior written notice, the whole or part of the contract. The notice of termination shall specify, for IS Wing’s convenience, the extent to which performance of work under the contract is terminated and the date on which such termination becomes effective.

24. **No Claim Certificate:** The qualified Bidder shall not, be entitled to make any claim, whatsoever, against IS Wing under or by virtue of or arising out of this contract nor shall IS Wing entertain or consider any such claim after Bidder shall have signed a “no claim” certificate in favour of IS Wing in such forms as shall be required by IS Wing after the works are finally accepted.

Intellectual Property Rights

25. **IPR:**
   - IS Wing shall own and have a right in perpetuity to use all Intellectual Property Rights, which have arisen out of or in connection with the implementation of this Contract.
   - The TPA shall ensure that while it uses any software, hardware, processes or material in the course of performing the services, it does not infringe the Intellectual Property Rights of any person and the TPA shall keep the IS Wing indemnified against all costs, expenses and liabilities howsoever, arising out of any illegal or unauthorized use (piracy) or in connection with any claim or proceedings relating to any breach or violation of any permission/license terms or infringement of any Intellectual Property Rights by the TPA during the course of performance of the Services.
   - IS Wing shall retain all right, title and interest in and to any and all data, entered or generated by the TPA for IS Wing pursuant to this agreement and any modifications thereto or works derived therefrom.

Miscellaneous

26. **Standards:** The services to be rendered under this contract shall conform to the latest authoritative standards as laid down by the competent institution governing that standard.

27. **Confidentiality:** The Selected Bidder and its personnel shall not, either during the term or after expiration of this contract, disclose any proprietary or confidential information relating to the services, contract or IS Wing’s business or operations without the prior written consent of IS Wing.

28. **Force Majeure:**
Notwithstanding the conditions of the Bid, the Bidder shall not liable for forfeiture of its performance guarantee, liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the contract is the result of an event of Force Majeure. For purposes of this Clause, “Force Majeure” means an event beyond the control of the Bidder and not involving the Bidder’s fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of IS Wing either in its sovereign or contractual capacity, wars or revolutions, fires, floods, earthquakes, epidemics, quarantine restrictions and freight embargoes.

If a Force Majeure situation arises, the qualified Bidder shall promptly notify the IS Wing in writing of such conditions and the cause thereof. Unless otherwise directed by IS Wing in writing, the Bidder shall continue to perform its obligations under the contract as far as reasonably practical and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event. IS Wing may terminate this contract, by giving a written notice of minimum 30 days to the Bidder, if as a result of Force Majeure the Bidder being unable to perform a material portion of the services for a period of more than 60 days.

29. **Arbitration and Jurisdiction:** In the event of any dispute relating to the import or meaning of any terms and conditions which could not be solved amicably by the parties, the parties may refer the matter to the Arbitrator to be appointed by the IS Wing on the request of either of the parties for arbitration in consonance with the provisions of the Arbitration and Conciliation Act, 1996 (Act 26 of 1996), on the designated reference in dispute. All legal proceedings shall lie to the jurisdiction of courts situated in Kolkata.

30. **Period of contract:** Contract period is the period until the agency submits the final report and certificate of audit.

31. **Indemnity:**

- The TPA shall execute and furnish to the IS Wing, a Deed of Indemnity in favour of the IS Wing in a form and manner acceptable to the IS Wing, indemnifying the IS Wing from and against any costs, loss, damages, expense, claims including those from third parties or liabilities of any kind howsoever suffered, arising or incurred inter alia during and after the Contract period out of any negligence or wrongful act or omission by the TPA.

- The indemnity shall be to the extent of 100% in favour of the IS Wing.

Extracts of NIC Guidelines for Third Party Audit

1.0 Guidelines

a. A black box approach of application security audit based on OWASP or other standard is to be adopted for the purpose audit. This may be combined with source code review.

b. Security audits are to be conducted in iterative cycles (may be called a level) of testing and code correction till identified safe for hosting.

c. In certain cases audit is conducted on a third party URL or on user system. In addition, the auditor, stating that CD contents have been audited, makes the audited contents available on CD in sealed cover to Auditee Organisation.

d. The Test URL where the test was done as well as the Production URL where the site will be hosted is to be mentioned clearly in the certificate.

2. The Audit Certificate should be complete as to state the permissions on file system/site level required for hosting the site and application.

a. Permission includes Read, Execute and Write etc.

b. If any other permission is to be given then this also must be clearly stated.

c. The certificate to state what permission is to be given at the folder or site level and not to individual files.

d. Care to be taken that combined write+ execute permission is not given on any folder/site.

e. If there is a requirement in the application for file uploads/ or writing to folders/files, then the absolute URL of the hosting folder needs to be specified along with the permission required.

f. In addition, the permission requirement for the rest of the site also needs to be stated. Care should be taken to see that no folder gets a combination of Write + Execute permission.

g. Preferably, segregation of dynamic pages or applications into separate folders under a site comprising of static information is to be considered.

Note: Refer Execute Permission in Appendix-A

3. The report to mention about the nature of the site: viz: static or dynamic i.e. site with applications.

a. If the site is host to Applications with closed user group access, then this is to be stated.

b. If the site/application is open for generic visitors, then this is to be stated.

c. Kind of authentication used such as Basic or Form Based or certificate based is to be stated.

d. If the site is host to web based Content Management module as part of the site then this is to be stated.

e. The sites as in C. above are to be recommended for SSL deployment for the folder hosting the Closed User group (CUG) application. This is to be done after segregating the CUG application to a separate folder.

f. If the site is host to an administration module for administering tender, announcement, auction etc. then this also is to be stated.

4. Non-functional links are to be tested after restoring functionality instead of just being reported as observations on non-functional URLs.

5. Care to be taken in recommending Execute permission for sites. If the applications have not been tested due to non-function and execute permission is recommended, the forms will be subsequently made functional. Therefore, this will mean that applications with vulnerabilities go into production.

6. Clarifications regarding audit report or security certificate or information in the certificate found insufficient to host the site will be sought from Auditor. If required, a revised document may be sought. This is to be stated clearly along with production URL and Staging URL address. The certificate should state clearly as to that, the site is free from application vulnerabilities as per OWASP or any standard prescribed from the competent agency and is safe for hosting.
Execute Permission:

The term Execute permission means that a script or application is allowed to execute within the resource context of the host environment.

a. Ex: An .asp script file hosted in an IIS environment may be given read and Script or Execute access at the site/virtual directory level in addition to Read permission at the file system level.
b. Whereas a .php script file may be given, read access in an Apache web server host environment.
c. These permissions may be determined with the help of the developer of the site.
d. Special care to be taken in case of modules facilitating file uploads. Check should be done that a file once uploaded does not execute within the resource context of the site/folder. Combination of Write + Execute not to be given.
Format of Technical Bid:

In preparing the Technical Proposal, Bidders are expected to examine this Bid document in detail. The proposal should cover all the aspects of the scope of work. Any bid not found responsive with this Bid document shall be rejected. Material deficiencies in providing the information requested may also result in rejection of the proposal.
